Our Dream

Colorado Executive Recruiters, Inc. (CER) is an innovative recruiting company founded by Mark & Hilda Carter. CER was founded as a way to support fellow professionals striving to better themselves and enrich their family's lives. We believe recruiting should be based on the highest ethics and values in order to best serve our candidates and clients. We are inspired to help others as well by providing **business opportunities** to provide financial security for our recruiters and their families'. We take tremendous pride in being a company with high values and put a large emphasis in the people we help and strive to enrich the lives that we touch. Please **contact us** with any questions you may have or if believe you would like to be part of our team.
